At Dundee the 3 Day of Dec^r 1789 which day
 the managers of the General fund of the nine Trades
 being meet & taking into their Consideration that the Glover
 Trade for some time past have Taken no share of the
 Trades Bargains of Meal & consequently payed no two
 pences upon the Boll to the fund & yet have drawn
 their share of Charity for their Trades Poor out of y^e
 General Funds revenue annually at Clearing the fund
 Acc^t it being motioned that the Glover Trade should
 either take a share of the Trades Bargains of Meal
 or pay fifteen Shill^s yearly in lieu of the two pences
 & in case the Glover Trade should take Meal or such a
 quantity thereof as should be sufficient the two pences
 upon the Boll to make up the said fifteen Shill^s in
 that Case no more is to be asked from them only they must
 pay the two Pence upon each Boll of Meal they
 receive tho it should be more than the fifteen Shill^s But
 in case they should receive a lesser quantity than will be
 sufficient to make up the fifteen Shill^s by Two Pence upon
 each Boll in that Case they are to pay the Ballance
 To all which Abram Hill present Deacon & William
 Herr late Deacon in name of the Glover trade agreed
 also it was agreed to that the Flesher Trade shall
 be intitled to such a share of the Trades Bargains of
 Meal as they Incline to Take upon paying two pence
